

Dear Valued MK Plus Clients,

We are writing to inform you of an important change regarding the provision of behavioral health services at MK Plus. Beginning November 27th, 2023, all behavioral health services currently offered through MK Plus will be acquired by the Cambridge Lane Psychology Group.

This transition is not just a change in name and ownership, but a commitment to providing you with the same quality of care that you have grown to trust and depend upon. Cambridge Lane Psychology Group will be owned and operated under the expert direction of Dr. Christine Trainer Haas, PhD. Many of you are already familiar with Dr. Haas, who has been the senior psychologist at MK Plus since its inception in 2009. Furthermore, her dedicated service dates back even earlier, having been providing behavioral health services to patients of Margiotti & Kroll Pediatrics since 2003.

We understand that transitions can sometimes raise questions and concerns. Please rest assured that this shift is designed to improve and expand the behavioral health services available to you and the community. Your care continuity, as well as the maintenance of your therapeutic relationships, is of paramount importance to us.

To ease this transition:

- The same dedicated professionals you've come to trust at MK Plus will continue to provide your care at Cambridge Lane Psychology Group, with the added benefit of new resources and support.
- The Cambridge Lane Psychology Group will assume operations of the existing MK Plus office location at 31 Cambridge Lane, Newtown.
- All existing appointments, previously scheduled through MK Plus, will remain unchanged.
- Medical records will be seamlessly transferred from MK Plus to Cambridge Lane Psychology Group, ensuring there's no disruption in your care.
- The MK Plus phone number (215-968-5151) will now be owned and operated by the Cambridge Lane Psychology Group, so as to maintain consistent communication methods with their behavioral health providers.

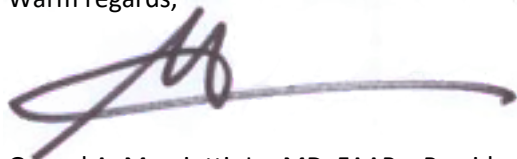

If you have any questions or require further information about this transition, please feel free to contact your clinician or our office at 215-968-5151.

We are grateful for the trust you've placed in MK Plus over the years, and we are confident that this new chapter with Cambridge Lane Psychology Group will continue to prioritize your mental and emotional well-being.

Please note that all other existing MK Plus services, including Nutritional Counseling, Lactation Consultation, Speech Therapy, and Physical Therapy will continue to be offered by MK Plus. To make an appointment for any of these services, please contact 1-855-920-5800.

Thank you for your understanding and continued patronage.

Warm regards,

Gerard A. Margiotti, Jr., MD, FAAP – President  
Margiotti & Kroll Pediatrics, PC

Christine Trainer-Haas, PhD - Owner  
Cambridge Lane Psychology Group
